Lynda,
Are you able to get on the phone this evening...and if, so, is there a time better than others?

Thanks, J.

Christine,

Can you, Lynda and I talk this afternoon. I'm free the rest of the day.

Thanks, Joelle

Christine, Thank you for the report. I see that you said nothing about the likelihood of the agencies' meeting their deadline, would you mind commenting on that? Thank you and have a good holiday. Nina

Per our earlier commitment to you, an update on our progress towards making a decision on the approvability of Oregon's Coastal Nonpoint Program is provided below. Since our report on September 30, NOAA and EPA have:

- Held regular meetings of various teams to continue inter-agency discussions on Oregon's program in consideration of the public comments received and the State's response. Issues discussed included: new development, OSDS, forestry-landslides, forestry-pesticides, forestry-riparian, forestry-roads, and agriculture:
 - Topic team (weekly or more frequently): to discuss public comments, state submission, and potential responses to comments and changes needed to proposed decision rationales.
 - Technical team (weekly): to share progress of topic teams, get feedback from full technical team, identify specific legal questions or decision points for legal and management teams, respectively, and ensure coordination among topic teams.
 - Managerial team (weekly for most weeks during October and November): to provide programmatic guidance to technical team and weigh in on critical decision points.
 - Managerial/Legal/Technical team: (weekly for most weeks during October and November): to jointly discuss programmatic and legal issues.
- Continuing work on responding to comments and developing decision rationales.
- Prepared, scheduled and began holding briefings for senior management in both agencies.

If you have any questions, feel free to contact me via email or at [206-553-1906](tel:206-553-1906) or Joelle Gore at joelle.gore@noaa.gov or [301-563-1177](tel:301-563-1177).
